

## TAKE YOU THERE RADIO

[takeyouthereradio.org](http://takeyouthereradio.org)

May 30 - June 23, 2015

We are pleased to present *Take You There Radio*, a temporary radio project as exhibition streaming on the internet. *Take You There Radio* aims to transport participants and listeners to another place on an individual and shared level— a type of metaphysical travel that has occurred within audiences since the birth of radio as a popular media. The project takes place in collaboration with four artists-in-residence and with the participation of interlocutors from long and short distances who will premeditate and improvise radio interventions.

The programming of *Take You There Radio* revolves around the core themes of space and time travel as experienced through altered states of consciousness, narratives of science fiction, utopian ideals, appropriation of socio-political topics by amateurs, investigation of sound in language and music, as well as radio station as a structure for predictable patterns with mysterious outcomes. Participants will create radio-specific art pieces in Grenoble using resources provided by the *Take You There Radio* curatorial team: a sound recording studio inhabiting the physical space of the Conciergerie, a resource center and listening room free to the public, and counseling from radio professionals as well as theorists from various fields. Along with the traditional radio schedule, improvisation will take place during the web stream broadcast in the form of prank phone calls, love letters, DJ sets, interviews, tutorials, and more. As part of the exhibition program, a series of workshops for local teenagers will be led by the curatorial team and invited instructors.

We are happy to announce our invited artists-in-residence: Antoine Boute, Dafna Maimon, Itziar Okariz and Simon Ripoll-Hurier. *Take You There Radio* will feature short and long distance collaborations with: Autumn Ahn, Céline Ahond, Manon Bellet & Erik Kiesewetter, Pierre Beloüin, Blasterama Radioshow, Blood Blog, Alessandro Bosetti, Kyle Bravo, Brice Nice, Jacques Brodier, Jane Cassidy, Arianna Cecconi and Tuia Cheric, Sabrina Chou, Cloudnumber (Fullfridge Music/Blasterama Radioshow), Stephen Collier, Sym Corrigan, The Cosmopolitan Shepherd, Louise Culot, Tom Dale, Danny, Marie-Michelle Deschamps, dose rate sound system, Merve Ertufan, Amanda Feery, Maxime Guitton, Deniz Gul, Mikhail Karikis, Camille Llobet, MACON, Mambo Chick (Palmwine Records), Jelena Martinovic, Joël Massey, Pierre Michelin, Miss Kim, Denis Morin, M-O-R-S-E, Estelle Nabeyrat, Neon Burgundy, Jérôme Noetinger, Anouchka Oler, Optical Sound, Sergio Padilla, Anne-Laure Pigache, Lili Reynaud Dewar, Sahel Sounds, Mark Schreiber, Shelter Press, Taylor Lee Shepherd, Nick Stillman, Isabelle Stragliati, Armando Andrade Tudela, Julien Vadet, Loïc Verdillon, Very Primitive, Wounded Wolf Press, Xeno and Oaklander (list as of May 21<sup>st</sup>, 2015). The studio turned listening room will be open to public from 19 through 23 June 2015, Wednesday to Sunday, from 2pm to 7pm.
